Water Quality Fundamentals - MEP Style (Workshop, 0.8 CPD)

Pacific Water Quality Association (PWQA)

October 16, 2019 • 8 a.m. - 5 p.m. (PDT)

WQA's Water Quality Fundamentals Workshop is the first step for new hires and certification candidates toward professional certification. This instructor-8-hr course walks through contaminants in working and drinking water and their effects, USEPA regulations, interpreting municipal and private water reports, and sizing pre-configured POU/POE treatment. Attendees will get comfortable using the training website as they make progress toward certification. A great opportunity for mentors to get an overview of their learner's training.

Advance registration is required to ensure enough WiFi connections. Attendees should bring a laptop computer or tablet computer (e.g. iPad or Android). Registration fee includes lunch.

Register by email or fax.
